Report of Independent Registered Public Accounting Firm

To the Sponsor, Trustee and the Unitholders
 of the Nasdaq-100 Trust, Series 1

We have audited the accompanying statement of assets and liabilities of the Nasdaq-100 Trust, Series 1 (the "Trust"), including the schedule of investments, as of September 30, 2005, and the related statements of operations and changes in net assets for each of the three years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Trust's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Trust's internal control over financial reporting. Our audits included consideration of internal control over financial

reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of September 30, 2005, by correspondence with the custodian. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and the financial highlights referred to above present fairly, in all material respects, the financial position of the Nasdaq-100 Trust, Series 1 at September 30, 2005, the results of its operations and changes in its net assets for each of the three years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with U.S. generally accepted accounting principles.

Nasdaq-100 Trust, Series 1

Notes to Financial Statements

September 30, 2005

1. ORGANIZATION

Nasdaq-100 Trust, Series 1 (the "Trust") is a unit investment trust created under the laws of the State of New York and registered under the Investment Company Act of 1940. The Trust was created to provide investors with the opportunity to purchase units of beneficial interest in the Trust representing proportionate undivided interests in the portfolio of securities held by the Trust, which consists of substantially all of the securities, in substantially the same weighting, as the component securities of the Nasdaq-100 Index.

The Trust commenced operations on March 5, 1999 upon the initial issuance of 150,000 shares of the Nasdaq-100 Index Tracking Stock (equivalent to three Creation Units) in exchange for a portfolio of securities assembled to reflect the intended portfolio composition of the Trust.

Nasdaq Global Funds, Inc. (formerly Nasdaq Financial Products Services, Inc.) is the Sponsor of the Trust and The Bank of New York is the Trustee.

2. SIGNIFICANT ACCOUNTING POLICIES

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates. The following is a summary of significant accounting policies followed by the Trust.

SECURITY VALUATION

Portfolio securities are valued at the Nasdaq official closing price of The Nasdaq Stock Market, Inc. (the "Nasdaq Stock Market"), which is deemed to be the principal market on which the securities are traded. If there is no Nasdaq official closing price on the day of valuation, a security is valued at the closing bid price of the Nasdaq Stock Market. If a security is not quoted on the Nasdaq Stock Market, or the principal market of the security is other than the Nasdaq Stock Market, or the Trustee deems the official close price or closing bid price inappropriate for valuation purposes, then the security shall be fair valued by the Trustee in good faith based (a) on the closing price for the security on another market on which the security is traded or if there is no such appropriate closing price, at the closing bid price on such other market, (b) on current bid prices on the Nasdaq Stock Market or such other markets, (c) if bid prices are not available, on the basis of current bid prices for comparable securities, (d) by the Trustee's appraising the value of the securities in good faith on the bid side of the market, or (e) any combination thereof.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

INVESTMENT TRANSACTIONS

Investment transactions are recorded on trade date. Realized gains and losses from the sale or disposition of securities are recorded on a specific identification basis. Dividend income is recorded on the ex-dividend date.

DISTRIBUTIONS TO UNITHOLDERS

The Trust will declare and distribute dividends, if any, from net investment income quarterly. The Trust will declare and distribute net realized capital gains, if any, at least annually.

FEDERAL INCOME TAX

The Trust has qualified and intends to continue to qualify for and elect treatment as a "regulated investment company" under Subchapter M of the Internal Revenue Code of 1986, as amended. By so qualifying the Trust will not be subject to federal income taxes to the extent it distributes 90% of its net investment income, including any net realized capital gains, for each fiscal year. In addition, by distributing during each calendar year substantially all of its net investment income and capital gains, if any, the Trust will not be subject to federal excise tax. Income and capital gain distributions are determined in accordance with income tax regulations, which may differ from U.S. generally accepted accounting principles. To the extent these differences are permanent, such amounts are reclassified within the capital accounts based on their federal tax basis treatment; temporary differences do not require such reclassification.

At September 30, 2005, permanent differences primarily due to the tax treatment of in-kind transactions and redemption proceeds were reclassified within the components of net assets of the Trust. These differences resulted in a net decrease of \$14,798,492 in undistributed net investment income, a net decrease in accumulated net realized loss on investments of \$1,432,472,314 and a corresponding increase to paid in capital of \$1,447,270,806. This reclassification had no effect on net assets of the Trust.

The tax character of distributions paid during the years ended September 30, 2005 and 2004 was \$232,172,392 and \$8,613,794 of ordinary income, respectively.

At September 30, 2005, the Trust had a capital loss carryforward of \$13,533,178,289, of which \$18,036,354 expires in 2007, \$9,472,938 expires in 2008, \$615,423,028 expires in 2009, \$2,457,820,737 expires in 2010, \$5,729,023,648 expires in 2011, \$3,015,741,745 expires in 2012 and \$1,687,659,839 expires in 2013.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Capital losses incurred after October 31 ("post-October" losses) within the taxable year are deemed to arise on the first business day of the Trust's next taxable year. The Trust incurred and will elect to defer net capital losses of \$654,169,465 for the year ended September 30, 2005. These carryover losses may be used to offset future gains. To the extent they are so used, future gains will not be distributed to unitholders until they exceed available loss carryovers.

As of September 30, 2005 the components of accumulated earnings/(deficit) on a tax basis were as follows:

<Table>

<S>	<C>
Accumulated capital and other losses (14,187,347,755)	\$

3. TRANSACTIONS WITH THE TRUSTEE, LICENSOR AND SPONSOR

The Trust pays the expenses of its operations, including the fees of its Trustee and reimbursement to the Sponsor for expenses of the Sponsor relating to the marketing of the Trust and for payments to The Nasdaq Stock Market, Inc. (the "Licensor") for a license to use the Nasdaq-100 Index as a basis for determining the composition and weighting of securities held by the Trust. The annual license fee to the Licensor is 4/100 of one percent (0.04%) of the average net assets of the Trust. License fees of \$1,974,015 were payable to the Licensor at September 30, 2005. Currently, the License Agreement is scheduled to expire on March 10, 2009 in accordance with its terms.

In accordance with the Trust Agreement, the Trustee maintains the Trust's accounting records, acts as custodian and transfer agent to the Trust, and provides administrative services, including filing of all required regulatory reports. The Trustee is also responsible for determining the composition of the portfolio of securities, which must be delivered in exchange for the issuance of Creation Units of the Trust, and for adjusting the composition of the Trust's portfolio from time to time to conform to changes in the composition and/or weighting structure of the Nasdaq-100 Index. For these services, the Trustee receives a fee at

* THE FEE INDICATED APPLIES TO THAT PORTION OF THE NET ASSET VALUE OF THE TRUST WHICH FALLS IN THE SIZE CATEGORY INDICATED AND IS COMPUTED EACH BUSINESS DAY ON THE BASIS OF NET ASSET VALUE OF THE TRUST ON SUCH DAY.

The minimum annual fee, which shall be paid to the Trustee, is \$180,000. To the extent that the amount of the Trustee's compensation is less than such minimum annual fee, the Sponsor has agreed to pay the amount of such shortfall.

Until the Sponsor otherwise determines, the Sponsor has undertaken that the ordinary operating expenses of the Trust as calculated by the Trustee will not be permitted to exceed an amount which is 20/100 of one percent (0.20%) per annum of the daily net assets of the Trust. To the extent during such periods that ordinary operating expenses of the Trust exceeded such amounts, the Sponsor reimbursed the Trust or assumed invoices on behalf of the Trust for such excess ordinary operating expenses.

The Sponsor retains the ability to be repaid by the Trust for expenses so

reimbursed or assumed to the extent that subsequently during the fiscal year expenses fall below the applicable per annum level on any given day. For the years ended September 30, 2005, 2004 and 2003, ordinary operating expenses incurred by the Trust did not exceed the 0.20% per annum level and, accordingly, no expenses of the Trust were assumed by the Sponsor.

Marketing expenses paid by the Sponsor on behalf of the Trust for invoices received directly by the Sponsor during the year remain payable in the amount of \$7,738,143 to the Sponsor at September 30, 2005.

ALPS Distributors, Inc. (the "Distributor") is the distributor for the Trust. The Sponsor, not the Trust, pays the Distributor a flat annual fee for its distribution services.

Nasdaq-100 Index Tracking Stock shares are issued and redeemed by the Trust only in Creation Unit size aggregations of 50,000 Nasdaq-100 Index Tracking Stock shares. Such transactions are only permitted on an in-kind basis, with a separate cash payment that is equivalent to the undistributed net investment income per Nasdaq-100 Index Tracking Stock share and a balancing cash component to equate the transaction to the net asset value per share of the Trust on the transaction date. The transaction fee charged in connection with creation or redemption of Creation Units through the Nasdaq-100 Clearing Process is either \$0, \$500, or \$1,000 per Participating Party per day, depending on specific circumstances. The total fee charged in connection with the creation or redemption of Creation Units outside the Nasdaq-100 Clearing Process is \$4,000 per Participating Party per day.

Transaction fees are received by the Trustee from the Participating Party and used to offset the expense of processing orders. For the years ended September 30, 2005, 2004 and 2003, the Trustee earned \$452,000, \$428,000 and \$361,000, respectively, in transaction fees. The Trustee, in its sole discretion, may
